CELEBRATING EXPERIENCE

The Cleveland Browns challenged 2020 Exhibits to create a special season-long exhibit known as Heritage Hall. In this 4,600-square foot exhibition space, which would be located in Browns Town at Cleveland Browns Stadium, the Browns wanted recognize and pay tribute to the club's celebrated past and its 16 Ring of Honor inductees.

2020 Exhibits took the ball and ran with it, delivering a permanent exhibit that honors each of the 16 Ring of Honor inductees, including their busts, as well as memorabilia and photography from the team's history.

The design featured individual displays which showcase each player's story through moving text and large scale graphics. Player's individual lockers were recreated to mirror those found in years' past along with self-standing glass displays, filled with meaningful memorabilia including footballs helmets and jerseys. High-tech video, audio and custom lighting help bring the story to life in dynamic fashion.

RING OF
HONOR

Recognized by the Inc. 5000 as one of the fastest growing companies in America, 2020 Exhibits is a global leader in the creative design, production and delivery of award-winning exhibits, events and environments. Since 1987, the company's award-winning team has worked collaboratively with clients to provide optimum exposure and offers a full complement of support and services including graphic and creative design; in-house production and printing; interactive multimedia; permanent and semi-permanent exhibitions; experiential and interactive design; 3D animation and digital multimedia; tradeshows and private events.

Seasoned Expertise

Throughout our 150,000 square-foot state-of-the-art comprehensive fabrication, production and design facility in Houston, our seasoned team of craftspeople, artisans and technicians work hand-in-hand with our designers and project managers, all having a strong sense of pride and ownership in any given project.

From concept design and development to fabrication, installation and the final ribbon cutting, we respect and value the importance of combining a strong vision with our strategic and technical expertise to deliver powerful, lasting impressions.
