

CAPTURE YOUR AUDIENCE WITH OUR LED TILES

**Perfectly
Connects
With
55/62mm
Frame**

Our LED tiles increase brand visibility and awareness at any trade show, conference, or event. They are compatible with different frame systems, making them perfect for building walls, cubes, and circular banners to spotlight your brand. Place an optional plate on the back to hide the cables, and you'll have a black canvas to decorate. Flex your messaging muscles with state-of-the-art technology that engages.

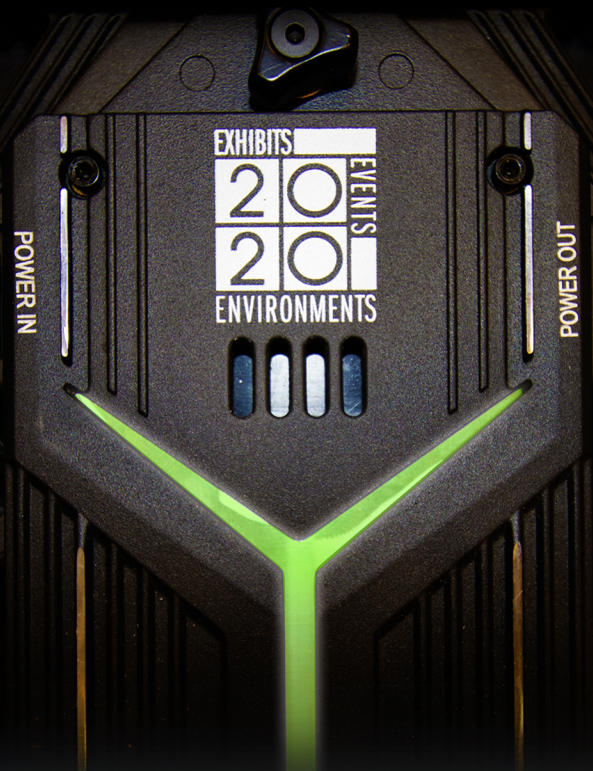

**Seamless
Corners**

TECHNOLOGY THAT ENGAGES

Draw attention to your brand with Next Gene LED Panels from 2020 Exhibits. Hang them, mount them, stack them, floor them, or reconfigure them in any frame or structure. The possibilities are endless with these high-tech monitor tiles that will surely catch your audience's attention.
