BRANDS BUILT ON EXPERIENCE

STRATEGY THROUGH FABRICATION

HOW WE SUPPORT YOU

A Full-Service, Collaborative Approach

For more than 38 years, 2020 Exhibits has partnered with some of the world's biggest regional, national, and global brands. Our clients know exactly what they're getting: one team, one roof, no handoffs. We build brand experiences through a single strategic and creative process, from first sketch to final install. With design and production facilities in Houston and St. Louis, our products and services include the following:

EXHIBITS AND ENVIRONMENTS

- ADA Signage
- Corporate Interiors

20 20 EXHIBITS

BUILT, NOT BOUGHT

Every exhibit starts as a strategy problem before it's a design problem. We build the answer in our own shop, so what you approve on paper is exactly what shows up on the floor.

CUSTOM-FABRICATED EXHIBITS

OPTIMIZELY | 20X30

READY WHEN YOU ARE

One of the largest rental inventories in the country lives in our warehouse, not a catalog. Inline to double-deck, priced to move fast when your timeline doesn't leave room to build from scratch.

CUSTOM-EXHIBIT RENTALS

HOUSTON FIRST | 40X40

EVENTS THAT RUN ON TIME

Our Global Events Team handles the parts nobody sees: logistics, staging, timing. What your guests see is a sales conference, product launch, or brand moment that lands exactly how it was planned

EVENTS

HOUSTON CHEVRON MARATHON 2026

MADE TO STOP TRAFFIC

A giant claw machine loaded with plush octopi is not subtle, and that's the point. We build activations that pull people off the aisle, capture leads on the spot, and give them something worth posting.

SIGNAGE THAT DOES ITS JOB

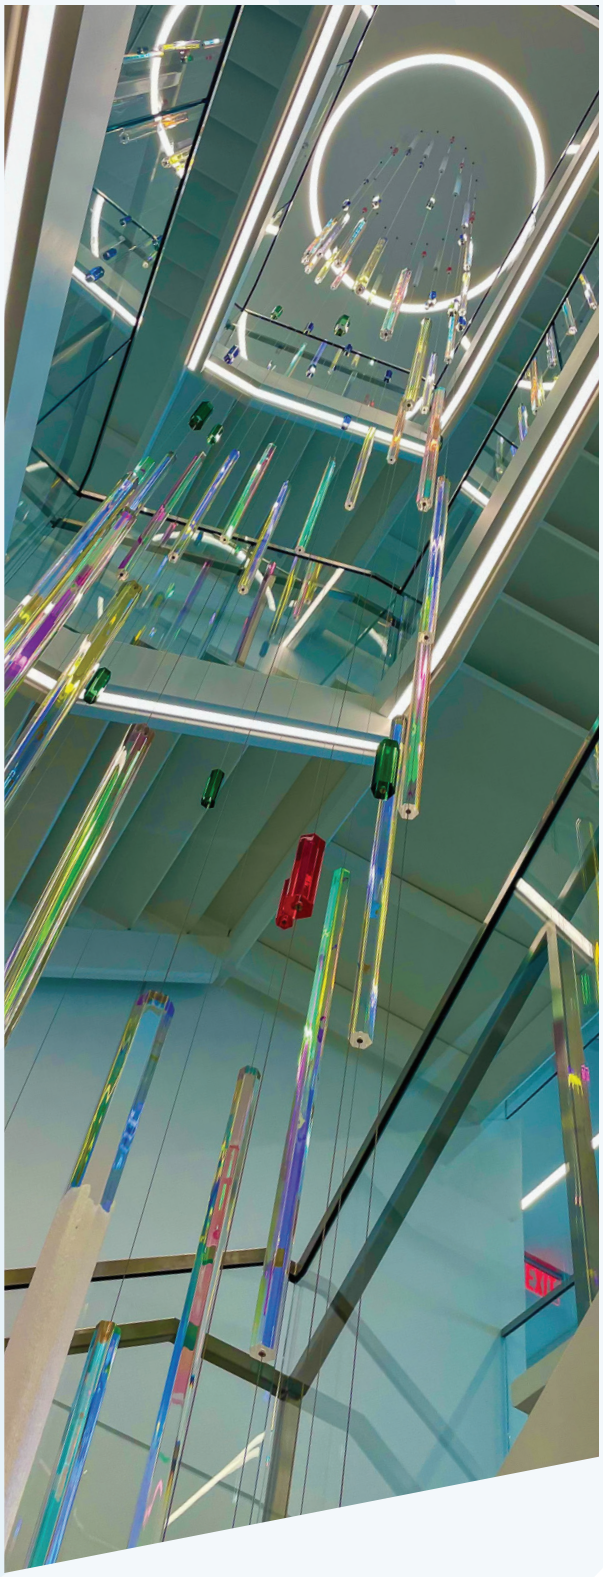

Good wayfinding disappears into the experience. We design and fabricate signage that moves people through a space without them thinking about it, and stops them cold when it needs to.

SPACES PEOPLE ACTUALLY WANT TO WORK IN

We design, fabricate, and install corporate interiors the same way we build exhibits: with a point of view. Employees and guests notice the difference between decorated and designed.
